

About *Piedmont Columbus Regional Midtown*

710 Center Street • Columbus, Georgia 31901 • 706.571.1000 • piedmont.org

Who We Are

Piedmont Columbus Regional's Midtown Campus is the flagship hospital of Piedmont Columbus Regional, and the largest in west Georgia and east Alabama. The Midtown Campus is a 583-bed, acute care hospital providing a comprehensive array of healthcare services to meet the medical needs of the diverse region we serve.

The only Piedmont facility with a Children's Hospital is getting an upgrade: the former Doctors Hospital is being transformed into the Bill and Olivia Amos Children's Hospital; the freestanding facility is slated to open in fall 2024.

Midtown Campus has been home to the Family Medicine Residency Program since 1972. The nationally recognized program, which was the first of its kind in Georgia and one of the first in the Southeast, has graduated over 1,000 family physicians.
