## Who We Are

Who we are – Piedmont Henry Hospital is a 259-bed, not-for-profit, acute-care, community hospital on a tobacco-free campus in Stockbridge, Georgia. A trusted source of comprehensive, high-quality care for residents of Henry County and surrounding communities for over 40 years, Piedmont Henry is a Level III Trauma Center that offers 24-hour emergency services, medical and surgical services and obstetrics/women's services including a Level III Neonatal Intensive Care Unit (NICU) and an obstetrical emergency department (OBED). Cutting-edge technology and first-class care come together in cardiovascular services, orthopedics, stroke care, critical care, rehabilitation, radiation oncology and diagnostic imaging.

## Major Services

### Cardiology Services:

- Includes angioplasty, interventional cardiology, electrophysiology, a cardiac CT scanner, a 64-slice dual source CT scanner, nuclear imaging, echocardiograms, two cardiac catheterization labs, cardiac and pulmonary rehabilitation, and much more.

### Oncology:

- The Piedmont Breast Health Center offers comprehensive breast health care to the community. The center provides screening and diagnostic mammography with same-day results, breast ultrasound, breast MRI, stereotactic breast biopsy, ultrasound-guided core biopsies, bone density testing, and two board certified breast surgeons.
- Radiation Oncology on campus and throughout the community to enable patients to receive radiation therapy close to home.

### The Marcia G. Taylor Women's Center:

- Offers spacious labor and delivery rooms, a Level III Neonatal Intensive Care Unit and an Obstetrical Emergency Department staffed 24 hours a day by an OB Hospitalist.

### Rehabilitation Services:

- Includes physical therapy, occupational therapy, speech therapy, aquatic therapy and special programs, such as a back training program, sports medicine rehabilitation, and lymphedema massage.
